BRIEF ABSTRACT OF LETTER

Requests orders re the exact scope of the limit within which the discretion of the Registrar to make grants to L.M. Societies may be exercised as Ministers are unable to say to what Societies it should apply to cases where Societies had worked only for a part of a year

NOTES AND ORDERS.

L.M. 15-38-6 Govt Mf

1) In their order dated 6th Aug 1935 Govt allowed the proposals of the Registrar to sanction, at his discretion, grants upto Rs 100/- to a L.M. Society in any one year Govt sanction being obtained for grants in excess of this sum It is in accordance with this order that the Registrar has sanctioned the grants to L.M. Societies and Govt is approached for sanction of grants to such Societies which are not eligible to the grants under this Order

2) In this G.O there is no mention that the grants should be made to Societies only when they have worked for a full year. The Registrar had however represented to Govt., in connection with the utilisation of the ~~provision~~ for LM. Societies, that these grants are made according to the needs of Societies. that Societies newly started require a large grant than ~~those~~ that have been working for some years and that no hard and fast rules can be made to fix the amount to be paid to each Society in the initial stages. and Govt called for general rules in the matter, which to be later on ~~approved~~ by them.

3) It is seen from the remarks of the Registrar that Society requires more grants at the beginning than after they ~~had~~ worked for sometime But the Comptroller is of opinion that full grants are admissible to Societies only after they have worked for a full year. It seems desirable to know what the Registrar says on the proposal of the Comptroller before calling for remarks of the Registrar & submit for consideration

17/8/38

4) The G.O. (M.K) does not seem to bear out the interpretation sought to be put on it by the Comptr. The G.O. does not say that grants can be made only if a Soty. has worked for a full year, or that it shd. be proportionately reduced if it worked only for a portion of the year.

3) Returned with compliments. The point raised by the Comptroller is that before one year is completed by a Land Mortgage Society, the Registrar cannot sanction a grant of Rs. 100/- and that if a grant is made before the expiry of one year from the date of starting the work, it should be proportionately less. The societies newly started stand in need of grants immediately to

enable them to purchase the books of accounts and forms and to meet the office rent and other incidental charges. In fact, the grant in the beginning is meant for these purposes, so that the newly organised society may have a proper start. The argument that the grant should be proportionate to the period from the date of starting to the date of sanction will tantamount to the giving of no grants to a society to enable it to have a proper start, which is not the object in view. The order of August 1935 prescribes that the maximum amount that may be given to a society should not exceed Rs. 250/- per annum; that the Registrar shall not sanction more than Rs. 100/- per society in any year that grants may be made during the first three years only and that sanction of Government should be obtained in other cases. These safeguards are adequate. ~~I am~~ therefore of opinion that a revision of the order is not called for and that the restricted interpretation put by the Comptroller on the Government Order in question does not appear to be valid.

P.H.Krishna Rao,Esq.,M.A.,
Secretary to Government of Mysore,

Sir,

I have the honour to report that the Registrar of Co-operative Societies forwarded for audit and payment two bills on account of Government grant of Rs.100/- each sanctioned by him to the Land Mortgage Societies newly started at ~~Malur~~ Maddur and at Bowringpet, indicating that they were registered on the 4th May 1938. He was requested to intimate the special circumstances under which the grants were sanctioned to the Societies so recently registered and was also requested to intimate the dates on which the Societies were started. In reply he stated that he was empowered to sanction grants up to Rs.100/- in each case at his discretion in accordance with G.O.No.D.811-12/L.M.15-34-6 dated 6-8-1935 and urged payment of the bills. The bills were passed for payment construing the Government order to mean that the grants may be paid even if the Society has worked for a part of the year as happens when a Society is started.

However para 2 of the Government Order read with para 4 of the same order would seem to imply that as a general rule to be applied in sanctioning the bonus the discretion allowed to the Registrar is restricted. It is suggested for consideration that the grant of bonus in such cases from General Revenues may be fixed proportionately to the period of working of the Society in part of a year.

Clear orders of Government may kindly be obtained and communicated

communicated indicating the exact scope or limit within which the discretion of the Registrar may be regarded as unrestricted and whether it should apply to cases when Societies have worked only for part of a year.

I have the honour to be
Sir,
Your most obedient servant,

Comptroller.
